Subject: Availability Session Preparations

All,

EPA is planning on holding availability sessions on Allied Landfill after the release of the FS. These sessions will be poster format and will give us a chance to answer individual questions in depth. I would like to hold our first phone call on the sessions next week. We will discuss the topics to be covered in the sessions and the dates for both the sessions and future preparation meetings. Please let me know your availability for this upcoming week.

Thanks and have a great weekend,

Michael
